CEH™ Elite Full Pack certification

365 days (2555 hours)

Presentation

pass one of the [world's most recognized](#) cybersecurity certifications! Our **CEH Elite Pack**. **CEH™ Elite (Learn, Certify Engage & Compete)** gives you access to all EC-Council documentation and will give you your access rocket for the exam.

Choose Ambient IT as your training organization to take advantage of the Elite package. CEH™ Elite (Learn, Certify Engage & Compete) includes official EC Council© courses (any format), use of their labs, all CEH™ exams (CEH™ practical included), global CEH™ challenges and an exam make-up.

This page allows you to purchase only the Elite pack and benefit from an optional coaching day. To take the preparation course, go to our [Certified Ethical Hacker](#) training page.

Package contents

- 1 year's access to eCourseware online courses
- 6 months' access to the Labs
- 1 Exam voucher
- 1 exam retake (in case of failure)
- CEH Engage (test and preparation)
- Global CEH Challenges (annual competition pass)
- CEH Practical Exam
- 10 videos for learning about cybersecurity

Objectives

- Understanding the fundamentals of ethical hacking
- Have the skills to secure systems, networks, databases or applications from hacking attacks
- Ready for CEH™ certification

Target audience

This certification is particularly aimed at security managers, auditors, security professionals, site administrators and anyone concerned with the stability of information systems.

Prerequisites

- Experience in using Windows and Linux operating systems
- Basic knowledge of TCP/IP network protocols and operation
- 2 years' experience in cybersecurity

Teaching methods

Students must take the exam on the ECC exam online platform, with the option of using ProctorU, or at a VUE test center to obtain certification.

Examination title: Certified Ethical Hacker™ (ANSI) Exam code: 312-50 (ECC EXAM), 312-50 (VUE) Number of questions: 125 Duration: 4 hours Availability: ECCEXAM / VUE

Ambient IT is not an ATC of EC-Council. CEH™ is a registered trademark of EC-Council international limited. Ambient IT is neither affiliated nor accredited by EC-Council.

Companies concerned

This course is aimed at both individuals and companies, large or small, wishing to train their teams in a new advanced computer technology, or to acquire specific business knowledge or modern methods.

Positioning on entry to training

Positioning at the start of training complies with Qualiopi quality criteria. As soon as registration is finalized, the learner receives a self-assessment questionnaire which enables us to assess his or her estimated level of proficiency in different types of technology, as well as his or her expectations and personal objectives with regard to the training to come, within the limits imposed by the selected format. This questionnaire also enables us to anticipate any connection or security difficulties within the company (intra-company or virtual classroom) which could be problematic for the follow-up and smooth running of the training session.

Teaching methods

Practical course: 60% Practical, 40% Theory. Training material distributed in digital format to all participants.

Organization

The course alternates theoretical input from the trainer, supported by examples, brainstorming sessions and group work.

Validation

At the end of the session, a multiple-choice questionnaire verifies the correct acquisition of skills.

Sanction

A certificate will be issued to each trainee who completes the course.
